Highlights

Black Matrix picture tube

A Black Matrix picture tube improves the contrast of images even when viewing in daylight conditions.

Contrast & Sharpness Control

Contrast and Sharpness Control for better image control

Stereo sound

Lifelike stereo sound to enhance your listening experience

Auto Picture

Auto Picture button on the remote control enables one-touch selection of various preset optimized image settings to suit different TV program.

Auto Sound

Auto Sound provides pre-defined sound settings for ultra bass, bass, treble and balance for the optimum entertainment experience.

S-Video Input

An S-video format signal preserves the video quality better than standard video input.

Component Video Input (YPbPr)

Component Video is the highest quality interconnection standard for analog video. It is sharper than S-video and composite video.
